The Unforgettables
FOUNDATION

Because every child is unforgettable...

HISTORY

The Unforgettables Foundation is a 501 (c)(3) non profit organization founded by Timothy Evans in 1999. During a decade of clinical ministry to children and their families, Evans assisted families with the many crises surrounding the death of a child-not the least of which are the crushing financial burdens experienced by families with limited resources.

Assisted by Inland Empire educators, medical professionals, social workers, and morticians, Evans created The Unforgettables Foundation. Paramount among aspects of the Foundation's mission is to assist low-income families provide a dignified, appropriate burial for their children who have died.

“*Since 2000, The Unforgettables Foundation has helped over 3,000 families.*”

MISSION

The mission of The Unforgettables Foundation is to:

- Enable low-income families to give their children a dignified burial
- Empower communities to memorialize children who have died
- Educate parents and children's caregivers to confront, control and conquer the primary risks to our children's health and wholeness
- Encourage communities to recognize the financial trauma which is often associated with the death of a child

BURIAL ASSISTANCE

For many families, the anguish and heartbreak of a child's death is accompanied by the additional burden of financial incapacity. The simple truth is that many families are unable to afford a dignified, respectful burial for their beloved child. The Unforgettables Foundation provides financial assistance to those families with limited resources to help offset the costs of final arrangements.

Currently, the Foundation's help is granted to families throughout Riverside, San Bernardino and Orange Counties with plans to expand. Requests for aid come from hospitals, social service agencies, and families themselves. Since the incorporation of the Foundation in 2000, over 3,000 families have been assisted in more than 75 cities in Southern California.

CPR TRAINING

Each year, children die in accidents because immediate cardiopulmonary resuscitation (CPR) care is not available. The Unforgettables Foundation, in an effort to keep our children alive, has responded by creating the Childhood Preventions Road show CPR2U.

In this program, trained volunteer CPR instructors hold free group training sessions throughout Southern California in churches, synagogues, clinics, schools and offices. In addition, they provide valuable instruction on home and auto child safety. Since its inception, CPR2U has trained over 9,000 citizens in CPR both in English and Spanish languages.
